BACKGROUND

In 2018, during our college years, my friend and I embarked on an entrepreneurial journey fueled by passion and creativity. With a shared vision to carve our own path in the world of visual arts, we founded Motion8 Designs. What began as a dream quickly became a reality as we pooled our talents and resources to establish a company dedicated to pushing the boundaries of motion graphics, graphic design, and animation. Despite the challenges of starting a business while still in college, our determination and innovative spirit propelled us forward. Today, Motion8 Designs stands as a testament to our shared vision and relentless pursuit of excellence in the field we love.
